Leap in Time - Zeitsprung - foreword:

Andreas Reisenbauer
director - writer - producer

The 7 minutes long short film *Leap in Time* is dedicated to the great french essay filmmaker Chris Marker. Central topics of some of his films are like in *Leap in Time (Zeitsprung)* time, forgetting and memory.

A film can be an initial point for a better future, when past is esteemed. Therefore I want to remind that the successful completion of the shooting even of a short movie owes the commitment of many people and is never result of the achievement of a single person.

So I want to thank hereby the crew, cast and supporters as well as sponsors, who obliged that short movie with gentleness and patience. Special thanks to:

Viktor Schaidler, Harald Schwarz, Doris Fleck, Wilhelm Urbanek
